earge was chiefly Sugars. The D. C. Murray and Whistler are both leading for San Francisco. The enemy weather for the past ten days has interrupted the coasting business, and produce, especially from Hawali, does not come forward very rap-

The Waiher Plantation was sold at auction second mortgages, interest and nilvance .as a first mortgage on the property for two needer oftennoon last, and is in excellent years, at 10 per cent, per annum. C. C. Harris and H. A. Widemann were the purchasers.

yesterday, for the sam of \$2,300, J. Perry, Esq., being the purchaser. We understand she is to be fitted for the whaling service.

We notice that the aperion rooms are well supplied with goods now-a-days, and many of bushes then have a fresh appearance, as is generally the ease when trade is deli, goods low and on the decline, and the sortion rooms are resorted to, to make cales. It requires management about this time to make profitable sales of the more desirable kinds of goods. We are of the spinion that the retail trade is greatly

changing hands of late at quite round figures. Just at this time there appears to be a scarcity carrying passengers, and the want of the Kisubstantial vessel, and with a new marine ier, and some other needed repairs, is probably better adapted to our trade than any mer we are likely to get. She has certainly, never been prefitable to her stockholdeen's hust it can not be said that she has carried any of her earnings out of the country all have been expended in labor, fuel, &c., and she has been of general benefit to the country.

overlone in this place, and in fact all ever the THE turk Whisfer, formerly advertised for Islands, and many traders are curtailing Portland, has been withdrawn from that their business. There is also a class of ped- route, and is laid on by Messes. C. Brewer dlers and small China shopkeepers, who are und Co., for San Francisco. Having already growing more numerous, and who repleased a great part of her cargo engaged, she will have a quick dispatch.

FRENCH WOODCOCK -- We were surprised pesterday by seeing a sign on the outside of a public house on Fort street, "French Wooderek, to day at II o'clock." On encul ring, we were informed that the birds were brought here by the Adaho, in ice, and were lanes is severaly feit. We do hope to see the to be served up as a lanch to the visitors of Kilanea in the trade again. She is a good, the house. On hand punctually at the hour of II, with feelings of cariosity and appetite, we were amused to find quite a number of people sold like parselves. The Woodcock were simply two large pans of baked pork and beans, done very picely, and the way in which they disappeared showed a hearty appreciation of the "game."

A SENGULAR WINTER -An old resident re-The sch'r Alaska is advertised for Portland, marked to us yesterday, that during twenty years that he had lived in Honolulu, be had never experienced such a dry wluter as the present one. Here we are, almost into the middle of February, and not yet one of those old-fashioned Kone storms, that used to last for weeks, thoroughly soaking the soil. Instead, we have had strong winds, generally from a point to the northward of the regular trades, and the weather at sight and morning has frequently been decidedly chilly. Good sleeping weather, however, and blankets have been in demand, while coughs and

> QUARANTINE GROUND .- We learn that the Board of Health have secured a lease, for ten years, of a portion of the reef known as Ka bolalon, from Messes. Dowsett and Sumner, in addition to the spot already occupied by the Board, as a quarantine ground, in case of the appearance here, of infectious diseases from abroad. Though the location may be considered rather near the city, yet no other or more proper place can be found in our thood, or one more capable of isolation. It is the intention to erect a large building, in which all necessary accommodations will be provided for those who are unfortunate enough to arrive here, in the condition that requires them to be quarantined. The snot to which we refer, is situated on the reef directly opposite the city, and has the advanever quarter they may blow.

HAWAII PICTURED ABROAD .- In Le Monde For San Francisco per Inano, Feb 6-M S | Illustre, a French pictorial weekly, of date the

of children we frequently hear parents remarking that the complaint of worms is occupied the attention of Victorian capitalists. The soil is very rich, and though the nature of the constry is not adapted for pastoral purposes, it is for the growth of cotton, codies, ginger, arrownoot, and all sorts of tropical graductions. It was lately proposed by song Methourne speculators to form a codingry, like the East India Company, or a small scale, which should possess large territory in the Fig. islands, and have certain excitains privileges. Presentors, with full powers, were sent over to King Thikumban and one foot and two inches in length. The

CHINESE NEW-YEAR -To-morrow, Thurs day, the 11th of February, is New-Your's, fing to the figuring of our Chinese friends, and the merchants who come from the Flowers Kingdom, will, as usual, make the occasion a festive one.

called mullet, are very plentiful just now. In the harbor of Honolulu, they may be seen fumping in shouls, out of the water, pursued by sharks, whose fins stick stark out on top of the water. The native fishermen improve the opportunity, and with their nets ensuare both mullet and shark, the latter being quite as much of a delicacy, as the former, to their

last, the unnual election for officers of Engine Company No. 4 (native) took place, and the following were duly elected.

CHANGED OWNERS.-We hear that the prove a valuable addition to the coasters it on this route, being a first-class vessel. The nations.

"The undersigned, most certainly, has the nick any on

sile, to go North on a trading, scaling and whaling voyage. After spending his advance, he repented of his bargain, and conciuded he wouldn't go. So he disappeared for several days, until on Monday morning last, he was discovered stowed away in one of the furnaces of the U. S. S. Gariper. Had the ship got up steam, the runaway would have had his goose cooked.

Monday last, the brig Constantine, which arrived here from Alaska some weeks since, having been disabled in a gale on the passage eminently well fitted.

ixs or Count.-Walking-not exactly "through Tara's Halls,"-coring the last two or three weeks, but through that edifice, supposed by many about town to be the sent of wisdom and learning, known as the court-house, we found the "halis" deserted. No echoes of legal lore were there. The clerks were gossiping or munching lanched, or smoking eigars. Up stairs and down stairs, the same quiet prevailed. We feel to congratulate our community upon this eridence, so apparent, of the law and order which prevails in Honoluin. The lawyers are gotting needy and seedy.

The French velocipeds has been fairly introduced in this City, and when the Springtime comes, we may look to see our citizens then comes, we may look to see our citizens the Central Park on the roads leading to the City, and in those of our streets which are not so crowded by carris, cars and stages, as to render the new mode of locomotion impressionle. Four differentificant in this City, and when the Springtime comes, we may look to see our citizens the Central Park on the roads leading to the City, and in those of our streets which are not so crowded by carris, cars and stages, as to render the new mode of locomotion impressionle. Four differentificant in this City, and when the Springtime comes, we may look to see our citizens the Central Park on the roads leading to the City, and in those of our streets which are not so crowded by carris, cars and stages, as to render the new mode of locomotion impressionle. Four differentificant in this City, and when the Springtime comes, we may look to see our citizens the Central Park on the roads leading to the City, and in those of our streets which are not so crowded by carris, cars and stages, as the central Park on the roads leading to the City, and in those of our streets which are not so crowded by carris, cars and stages, as the central Park on the roads leading to the City, and in those of our streets which are not so consent the course. We can always the carris, and success the course of the source of the novel to read the course of the source of the novel to read the course of the two or three weeks, but through that edifice, are getting needy and seedy.

MENT.-The different Fire companies of the city, as was previously announced, made Considering the fact that the day was not a public holiday, and moreover that the firemen are all working men, who have their daily avocations to pursue and can ill afford to lose one day out of the six, the turn-out was large, and showed, conclusively, that our Firemen take a deep interest and fall pride in their organization. The procession formed on Hotel street, and thence marched which is driven by the alternate raising and the forward wheel. their annual parade on Wednesday last. tage of all the airs of heaven, from which- in their organization. The procession formed on Hotel street, and thence marched through all the principal strents of the city.

First came the band, noder the leadership of Mr. Bond, consisting of uine brass pieces, a fife, two snare and one bass drum, and they Feb 6-M 8 Heatre, a French pictorial weekly, of date the liminum. Mrs 30th of November last, a series of sketches by fife, two snare and one base drum, and they place.

CHICAGO, January 16,-Gen. Sheridan in forms Gen Sherman that the destruction of the Camanche village by Col. Evans gave a final blow to the backbone of the Indian rebellion. At midnight of the 31st of December a delega-tion of the chief men of the Arapaboes and Cheyennes, 21 in number, arrived at Fort American journals, one hundred and thirty Christianized Japanese had been drowntion by Adams & Wilder, and brought \$2,300, which may be considered a bargain, the successful bidder being Mr. J. Perry, and as we understand abe will be fitted out as an addition to the Hawalian whaling fleet. This is an evidence of the growing interest of our home capitalists in the whaling business, for which our position and our people are so eminently well fitted.

American journals, one hundred and thirty Christianized Japanese had been drownthy Cobb, begging for peace. They report that their tribes are in maurning for their bases. The people are starving, their dogs all eaten up, and they have no buffale. We had forced them into the eanons on the eastern edges af the Staked Plains, where there was no small game or buffale. They are in a bad fix, and desire to surrender unconditionally. Sheridan says: "I acceled to their terms; will punish them justly. I can scarcely make error in any punishment awar-home capitalists in the whaling business, for which our position and our people are so continently well fitted. the same despated Sheridan repels the charge of Colonel Wynkoop that Blackhettle's band were peaceable Indians. He says the band were our side of their reservation, and some of Blackhettle's young men were out depredating when the village was captured. Much plunder from trains and from murdered depredating was found in their village. confiers was found in their village. There is other undoubtable evidence that the band had been engaged in murders and outrages upon
